ASHGROVE QLD 4060**

ATTENTION: To whom it may concern,

RE: BART Consulting Services

Our business has used the services of BART Consulting for several years and have no hesitation in recommending the services of Sean Dickens and his team.

Sean is an experienced MYOB consultant who has assisted us with an excellent level of service and accuracy. In addition to this Sean can also assist us with his unique ability to understand the processes of a business and develop them into systems with full documentation. We currently operate a complex furniture estimating and ordering system which Sean designed, and which fully integrates into MYOB. This system has been the backbone of our business for several years.

I would be pleased to provide a personal reference for Sean and the BART Team by phone on (07) 3620 8500.

**Yours Sincerely,
URBAN OFFICE**

**Jim Hardy
General Manager**
